# *Peter na Vero*

Peter and Veronica are a romantically involved couple who meet up for a weekend of fun, adventure and sex. Veronica is flown in by Peter and the weekend begins with throws of passion. She is feeling special, sexy and loved. At the end of the night they go to a hotel and hit the sheets. With Peter's assurances that he loves her, they proceed to have sex. The story takes place in the local tourist location of Oh-land-oh. This is where they plan to go on their honeymoon. The sex scene is unexpectedly rough and tumultuous, but they both seem to enjoy the experience. With kisses and physical contact, it appears the mood is one none of them will ever forget.
